

Jenkintown-Wyncote Station Parking Garage Feasibility Study Public Meeting

The public is invited to an informational meeting for the Jenkintown-Wyncote Station Parking Garage Feasibility Study on **Thursday, September 30, 2004, from 7:00 p.m. to 9:00 p.m. at Curtis Hall** at the Church Road and Greenwood Avenue intersection in Wyncote, PA 19095.

At the public workshop, residents and business owners will have the opportunity to hear about a feasibility study that addresses the possibility of a structured parking garage at the Jenkintown-Wyncote Train Station site, ongoing engineering and other studies, and learn more on how to participate in the process.

The Jenkintown-Wyncote Parking Garage Feasibility Study is a combined effort of the Montgomery County Planning Commission, Cheltenham Township, Jenkintown Borough, and the Southeastern Pennsylvania Transportation Authority (SEPT A), in cooperation with the Delaware Valley Regional Planning Commission (DVRPC). The focus of the study is to evaluate the feasibility of constructing a parking garage at the Jenkintown-Wyncote Train Station site and resolve any issues associated with its construction, including vehicular traffic flow and pedestrian access.
